

West Geauga High School

In keeping with the Library's Mission Statement my goal, as the Library Media Specialist, is that of enriching and supporting the educational objectives of the school curriculum. To that end I will select, organize, provide and maintain materials that serve the informational needs of our students and teachers.

I am here to be of help!

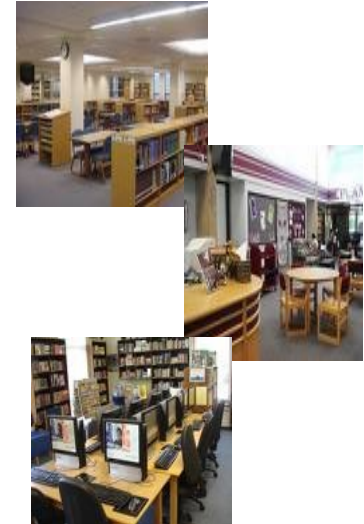

"technology literacy, ...is the ability to responsibly use appropriate technology to communicate, solve problems, and access, manage, integrate, evaluate, and create information to improve learning in all subject areas and to acquire life long knowledge and skill..." (Dow, 2007); it is vital for life long learning
